

## **The International Scientific-Expert Conference**

### ***THE IMPORTANCE OF PROTECTED AREAS FOR PRESERVING NATURAL AND CULTURAL VALUES AND SUSTAINABLE DEVELOPMENT OF THE LOCAL COMMUNITY***

**Šibenik, 18<sup>th</sup> October – 20<sup>th</sup> October 2023**

#### **Second notice**

We are hosting the international scientific-expert conference entitled *The Importance of Protected Areas for Preserving Natural and Cultural Values and Sustainable Development of the Local Community* to mark the 15<sup>th</sup> anniversary of the Public Institution Nature of Šibenik-Knin County.

The exceptional values of protected areas pose a significant challenge to the sustainable social and economic development of local communities in Šibenik-Knin County. It is essential to coordinate this development with the long-term goals of preserving and safeguarding our natural and cultural heritage. Therefore, our objective is to exchange knowledge and experiences among experts who can contribute to the prosperity of the entire community and, despite expected changes, make a valuable contribution to preserving the original natural and aesthetic values and the ancestral historical heritage.

In an effort to gather as much information as possible, the conference is not thematically restricted but covers a wide range of themes to fully accommodate scientific and professional interests. As a result of this approach, we have received a large number of presentations covering various areas of natural and humanistic sciences, including zoology, botany, ecology, geology, forestry, archaeology, history, marketing, tourism, pedagogy, spatial planning, geography, ethnology, museology, and more.

**The second announcement of the conference, attached herewith, includes important dates and deadlines, guidelines for presentation summaries for the press, information on giving presentations, registration, registration fee, payment, a professional excursion and accommodation.**

We look forward to welcoming you to Šibenik.

## Important Dates

- **Deadline for presentation summary submission:** 15<sup>th</sup> September 2023 (Summaries received after the specified date will not be included in the Presentation Summaries Book).
- **Deadline for presentation summary review and acceptance:** 22<sup>nd</sup> September 2023 (Authors will be notified of the acceptance of their summaries by this date).
- **Deadline for final registration and hotel accommodation reservation:** 6<sup>th</sup> October 2023.

## Guidelines for composing presentation summaries
